WATER TANK FALLS ON BOAT

Ten Persons Killed and More Than Score Injured.

IN AN UNUSUAL ACCIDENT

Steamer Crashed Into Dock and Knocked Tank From Five Story Building.

Milwaukee, Wis., June 30.—At least ten persons were killed, six women and four men, and more than a score of others injured here late this afternoon when the whaleback steamer, Christopher Columbus, in swinging away from the dock on the start of a return trip to Chicago, crashed into a dock on the Milwaukee river, causing a huge water tank to fall from the top of the five-story Yahr & Lang warehouse onto the deck of the vessel.

There were said to be approximately 400 passengers on the whaleback, including a number of students of the University of Chicago, returning from an outing.

None Identified.

The first five bodies recovered were those of girls. Later others were brought in. None of the dead, so far, has been identified.

The water tank crashed through the bridge, pilot house, through two decks and then slid into the river when it hit the steel main deck.

Officers of the boat could give no explanation for the tragedy. It is said Pilot James Brody had the wheel at the time. An unconfirmed report was that one of the tugs guiding the big vessel cast off its hawser a moment too soon. The captain declared had there been six inches more leeway the vessel's bow, in swinging about, would not have hit the dock. He said the current was too strong for the tugs.

MR. HEAVRIN FOR ATTORNEY GENERAL

It will be necessary to elect a State officer this year to fill the vacancy in the office of the Attorney General, and it is certain that both parties will make nominations.

Among the Republicans mentioned for the nomination, says the Louisville Times, are M. L. Heavrin, Hartford; Eugene Daily, Louisville, and Maurice H. Thatcher, Louisville.

OUR BOYS AT FRONT KNOWN AS SAMMIES

Washington, June 20.—General Pershing's fighting men in France have been nicknamed the Sammies—Uncle Sam's boys—and the title bids fair to stick.

It will take its place alongside of Tommies for the British, poilus for the French and boches for the Germans.

In connection with temporary training behind the lines, the Sammies will learn more than they have previously been taught as to bomb and grenade attacks, the new British bayonet system and similar developments of modern warfare.

PROF. HAYS IS UPTON PRINCIPAL

Prof. J. F. M. Hays, of Rochester, Ky., has been elected principal of the Upton Graded and High School to succeed Prof. H. L. Smith, who resigned.—[Elizabethtown News.]

FINE OPPORTUNITY AWAITING A BOY FROM THIS COUNTY

Nationally known Military School authorizes us to make liberal offer to bright young boy for thorough Military Training, entitling him to both honor and position.

We have been honored with the privilege of recommending a bright young boy from this county to one of the leading military schools of the United States for a thorough military

training and a substantial credit on scholarship account.

This boy must be of high moral character between the ages of 14 and 18 and progressed through the Seventh grade in school. Boys of first and second year High School preferred.

In this school the boy we recommend will have daily instructions and drill under the direction of a U. S. Army Officer in addition to his regular High School work. It will fit him also to enter the Officers' Reserve Corps as well as to admit him to practically any college or university in the U. S. and to West Point without examination.

It will also make him eligible for examination as Second Lieutenant in the army in event he desires to make a military man of himself. In case of his having to go into the army it will fit him for an officer's position.

It is a fine chance for some bright ambitious boy in this community. If you are he, apply to this office at once for further information.

"SOME" FISH!

The following fish story was told to us Friday afternoon, and it sure is a fish story. It seems that two Casville fishermen went fishing Thursday night and like all good fishermen do they cast their net in a likely spot to their surprise when they hauled in they found thirteen large channel catfish, the total weight being 480 pounds. They were weighed at the store of W. E. Ames at Caseyville.—[Sturgis News-Democrat.]

RAILROADS ARE DENIED 15 PER CENT INCREASE

Prosperity of Lines Indicated By Inter-State Commerce Commission.

Washington, June 29.—The Interstate Commerce Commission today denied the plan of the railroads of the United States for a horizontal increase of fifteen per cent in freight rates.

In its decision the commission indicated its willingness to increase class rates in the Eastern district approximately fourteen per cent. Since about one-fourth of the freight handled is moved under class rates, the decision virtually allows the Eastern lines about four per cent increase in gross freight revenue. Increases sought in rates on coal, coke and iron ore will be granted.

The commission found, as result of extended hearings, that the carriers generally show a substantial and increasing financial prosperity, and that they have ample resources with which to conduct transportation.

Little sympathy was given the arguments of the roads that they were victims of war prices, the commission holding that the carriers have profited by the mobilization of troops.

The commission suspended the proposed tariffs until October 28, but it indicated that no rehearing of the case will be of value at this time.

The commission finds that the gloomy forecasts of jeopardized incomes, seen by railroad officials early in 1917, have not been borne out by the figures available for later months. The proceedings were brought in March, when the returns from February were just being made. February was one of the worst months in railroad history. The subsequent months have shown increasing revenues, while expenses have, in many cases, failed to mount to the extent the carriers' officials feared.

The decision points out that the carriers' comparisons have been made largely with those of 1916, which was the banner year in railroad earnings, and adds that the 1917 income might be considerably diminished without necessarily indicating a danger point in earnings.

WOMEN HOE TOBACCO.

One Daviess county farmer, because of scarcity of labor, is hiring women in Owensboro to go to his place and hoe tobacco while his men hands plow corn. He takes them out in a wagon in the morning and brings them home in the evening, and he is paying them good wages.—[Owensboro Messenger.]

THE OHIO COUNTY TEACHERS' INSTITUTE

Covenanted Monday Morning—Address by Dr. Ganfield Tonight and Common School Graduation Thursday Night.

ENROLLMENT AT PRESS HOUR

The Ohio County Teachers' Institute opened at Hartford College Monday morning at 9:00 o'clock, with devotional exercises conducted by Rev. B. W. Napier.

The welcome address was delivered by Mr. J. H. B. Carson, chairman of the School Board of Hartford College, to which Mr. V. M. Crowder responded.

Organization was then perfected, followed by introductory remarks by the Instructor, Prof. J. W. Craig, of Bowling Green.

Mrs. Myrtle Armendt, of Fordsville, was elected secretary.

This evening at 8:00 o'clock Dr. W. A. Ganfield, of Centre College, will deliver an address on "What Makes a Nation Great." The public is cordially invited.

Thursday is Trustee Day and, though the public is cordially invited to be present at all sessions of the Institute, it is especially urged to attend this day.

Common school graduation exercises will be held Thursday night, the program of which will be found on another page in The Herald.

Subjects of vital importance to the education of the child are being discussed by those to whom they have been assigned.

Following is the enrollment up to press hour:

Russians Open Big Defensive Take 8,400 Prisoners at Koniuchy

Petrograd, July 2.—M. Kerensky, Minister of War, telegraphed Premier Lvoff today that the Russian revolutionary army resumed the offensive on July 1, and the War Office today announced that the Russian troops had captured Koniuchy, on the Galician front, taking 164 officers and 8,400 men.

The Russian official announcement says that the Russians have advanced to the Konichy stream, and also have captured seven heavy guns. Teuton prisoners continue to be brought in.

The official War Office statement further says:

"Russia-Galician front: In the di-

rection of Zochoff and Brzezany (in Galicia; east of Lemberg), an artillery battle of great intensity has taken place.

"Rumanian front: An enemy rail-

way train in motion was destroyed by our artillery in the region of Lamutello Mountain, in the Carpathians.

WOMAN TIES HUSBAND,
SHOOTS AND KILLS HIM

Cumberland, Md.—Mrs. Minnie Carter tied the hands of her husband to a bed while he slept off a debauch and then fired three shots into him, killing him instantly. After the shoot-

ing Mrs. Carter ran two miles to a

neighbor and announced the tragedy.

Mrs. Carter was recently discharged from a hospital and she says, her husband, who had been drinking, threw her out of the house. Made desperate by continued abuse, the woman says, the revolver was her only means of defense. She was lodged in jail.

LOUISVILLE LIVE STOCK MARKET

Mr. L. P. Loney was County Superintendent at that time. The Institute was opened with a prayer by Rev. G. J. Bean.

M. L. TINSLEY DEAD.

Mr. M. L. Tinsley, better known as "Pete," aged about 65 years, died Sunday afternoon about 2:30 o'clock, at his home in Rockport. Complication of diseases was the cause of his death.

He leaves a son, Will, and three daughters, Mesdames Helen Barnes, Nannie Landrum and Lillie Garrett, his wife having died several years ago.

He was a member of the Baptist church, and his funeral was preached by Rev. Edgar Allen, of Beaver Dam, Monday afternoon and his remains were buried in the Rockport cemetery.

HOUSE PARTY.

Several young people were entertained by a house party last week at the home of Mr. and Mrs. P. S. Coleman, a few miles out from Rockport. Among those who enjoyed the hospitality of Mr. and Mrs. Coleman were: Misses Nelia Alford, Rosine, Effie Gentry, Prentiss; Willie Lindley, Point Pleasant, and Messrs. Walter Maddox, Rockport; Jack Coleman, of Texas. Several young people from Rockport, spent one evening at the Coleman home.

French and Germans Engaged

Around Cerny.

Athens, June 29.—Premier Venizelos, in his speech to the Crown, after taking the oath of office at the palace yesterday, said that Greece's place was beside democracy.

"We realize," the Premier said, "that unless we drive the Bulgarians from Eastern Macedonia that part of Greek territory will be always exposed to great danger. Before, however, thinking of mobilizing that part of Greece which has not shared in our movement, we must vitalize its military organization, which has fallen into such decay, and bring about a fusion of the two armies. In brotherly co-operation, therefore, we shall now call out the untrained classes of 1916 and 1917."

PROBE TO END IN SLEUTH'S TRIAL

Cruger Case Detective To Be Charged With Gross Negligence.

New York.—After a severe cross-examination of Detective Sergeant John Lagarenne, regarding his search for Ruth Cruger, murdered high school student, Leonard H. Wallstein, who is conducting Mayor Mitchel's investigation into the police handling of the case, announced he would ask Police Commissioner Woods to place the detective on trial on charges of "gross and wilful negligence."

To many of the commissioner's questions Lagarenne made no reply, and to others he answered: "I don't recall," "I can't answer," and "I am not sure."

Asked if he had been working on the theory that Ruth Cruger was a runaway girl, Lagarenne replied:

"I believed she might have been enticed away."

The detective sergeant testified that after Miss Helen Cruger had told him she had found Alfredo Cocchi's motorcycle shop closed on several visits to the place, even then his suspicions were not aroused. It was in the cellar of Cocchi's shop that Ruth Cruger's body was found.

Two detectives have been assigned by Commissioner Woods, it was announced, to go to Italy to bring back Cocchi should the Italian government grant his extradition. In any event, it was stated, the policemen will be sent to Italy. It has not been decided whether a representative of the District Attorney will accompany them.

In reference to the Rev. Father Gasper Moretto, manager of a home for immigrants, who heard Cocchi's confession before he fled to Italy, District Attorney Swann explained that a section of the penal law protects a priest from divulging what is heard in the confessional.

What the authorities feared might be a case similar to that of Ruth Cruger was cleared when a 15-year-old girl, who disappeared, returned to her home.

TO CUT BUTTER RATION

Nine Months For Marmalade and Three For Compote In Germany.

Copenhagen.—Germans are informed officially that the rations of fat next winter will be less than the scanty allowance of 50 grams weekly last winter, and that therefore marmalade, preserves, etc., must be relied on almost exclusively to render the daily bread palatable.

Following the precedent set in the French Revolution, the Central Bureau charged with the distribution of fruits and vegetables has introduced a new division of time. The year hereafter will be divided into nine marmalade months and three compote months, according to the materials for bread spreading.

Although the announcement has a semi-humorous appearance, it has a serious bearing, for it emphasizes measures taken to check the export from the United States of fats to Germany and also of shipments of apples, which occasionally reach the Central Empires from America.

The bureau also contemplates a regulation limiting individual purchases of fruit to two or three pounds at a time, so as to make the supply go around.

POSTMASTER PUNISHED FOR CARRYING PISTOL

Used Weapon When Set Upon By Four Highwaymen and Relieved Of \$42.

Marion, Ky.—J. E. Crider, Postmaster at Gladstone, this county, was adjudged guilty by a jury in Circuit Court here of carrying concealed a deadly weapon and fined \$50 and sentenced to serve ten days in jail and disfranchisement for two years.

Last February Mr. Crider, while on his way from Blackford to his home, was held up and robbed of \$42 by four men. Two of the men accused were arrested, and in his testimony against them Mr. Crider admitted he carried a pistol. The men accused of the robbery were acquitted.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies and by-and-by learned to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surfaces of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

WOMAN'S BODY IS FOUND IN RIVER

Mrs. Maggie Roemer Cherry, Missing Several Days, Slain; Rope Around Her Neck.

Bowling Green, Ky.—The mystery of the disappearance of Mrs. Maggie Roemer Cherry, 27, was cleared when her body was found in Barren river, near the Country Club. The finding of the dead body marked the third mysterious murder committed in this county within the past few years. About the neck of the dead woman was fastened a new rope, hitch-rein and a rock weighing between 70 and 100 pounds. There were bullet holes in her head and her face was bruised. She was a daughter of George Roemer, who has charge of the City Park.

IRREPRESSIBLE.

The young son of Mr. and Mrs. Irving M. Avery—like most children—is forever asking questions. "You had better keep still or something will happen to you," his mother told him one night. "Curiosity once killed a cat, you know." This made so deep an impression that the boy was quiet for several minutes. Then he said, "Mother—what was it the cat wanted to know?"

THE THRICE-A-WEEK EDITION OF THE NEW YORK WORLD.

Practically a daily at the price of a weekly. No other newspaper in the world gives so much at so low a price.

The value and need of a newspaper in the household was never greater than at the present time. The great war in Europe is now half-way into its third year, and, whether peace be at hand or yet be far off, it and the events to follow it are sure to be of absorbing interest for many months to come.

These are world-shaking affairs, in which the United States, willing or unwilling, is compelled to take a part. No intelligent person can ignore such issues.

The Thrice-A-Week World's regular subscription price is only \$1.00 per year, and this pays for 156 papers. We offer this unequalled newspaper and The Hartford Herald together for one year \$1.65.

The Human Factors In Good Service

There are three parties to every telephone conversation—the party calling, the trained operator, and the party who answers. All three share alike the responsibility for quick and accurate telephone service.

The calling party should give the correct number in a distinct voice, speaking directly into the transmitter, and wait at the telephone until the party answers or the operator reports. The called party should answer promptly.

Patience on the part of the telephone user and the telephone operator is also essential to good service.

DOG SAVED MAN'S LIFE

Was Used As Messenger Between the Lines.

Behind the British Lines in France.—In a section of the line where there had been some pretty severe fighting between the British and German front trenches are only thirty yards apart. A Scotch soldier left badly wounded in this narrow stretch of No Man's Land moaned so piteously that the British front line officer could scarcely restrain his men from certain death in attempting to bring him in. While the officer was trying hard to think of some plan for rescuing the wounded man, his eye fell on a stray dog, which had been fraternizing for several days with soldiers in both German and English lines, finding friends in each.

He quickly wrote a note, "Will you allow us to bring our man in?" and tied it around the dog's neck, sending him across to the German lines with the message. In a few minutes the dog returned with the reply, "Will give you five minutes." The officer and two men took a stretcher and went over the top, returning in safety four minutes later. Men on both sides joined in a cheer before they settled down again to the business of war.

THE WORD "PESTER."

When we say we have been pestered by the bill collector and the political candidate we are not indulging in American slang. We are using a word that is more ancient and aristocratic than any of our proudly displayed coats of arms. And it came from the same source as most of the world's aristocracy—from the farm: "Pester" is an abbreviation for "impester," and a pastorum, in classic Latin, was simply a pasture. There were no fences around the pasture, and to prevent the horses and cattle from straying too far in quest of lush grass their feet were shackled. You would think you were being pestered if your feet were tied—that is, impested—so that you could not run.—[St. Louis Globe-Democrat]

**CLERGYMEN ASKED
TO AID FOOD SAVING**
Hoover Tells Them to Urge Their Congregations to Join the Campaign.

Washington.—Calling upon the ministers of the country to hold special services in their churches next Sunday, Herbert C. Hoover, Director of Food Administration, sent a letter to all clergymen, telling them that the Allied nations are calling to the United States and Canada for 550,000 bushels of wheat this year and that unless something is done we will be unable to send them 300,000,000.

The letter suggests that the ministers urge their congregations to make every effort to save the food supply and ask the women especially to join the National Volunteer Food Administration, the registration for which will begin next Sunday. The letter follows:

"It will be a calamity to the Nation and to the churches if their chosen ministers neglect to exercise their proper leadership in the great cause of feeding a world in need.

"For the world is in want of food. The wheat crop of 1916 was short, the crop of 1917 will be shorter still, while the demands of armies and the waste of war require enlarged consumption. Thus, with increased need and diminished supply, the world stock of food has reached a point lower than ever was known before in modern times.

"From Canada and the United States the Allies are asking 550,000,000 bushels of wheat this year. Yet unless special measures are taken the prospect is that both together will be able to give them only 300,000,000. But if wise and sufficient measures are adopted, and then backed up by the patriotic good will of our people, there will be food enough for ourselves and for our allies as well."

NORWAY APPALLED

BY GERMAN PLOT

Christiansia, Norway.—Discovery of the German plot to destroy Norwegian steamers by explosives, unearthed recently, has appalled the whole nation. The newspapers demand publication of all the facts in the case and of the steps taken to bring it to the attention of the German Government.

A ton of explosives has been discovered, concealed in artificial lumps of coal, which presumably were to be placed in ships' bunkers. A trunkful of explosives also was brought to Christiansia in February by a courier of the German Foreign Office, whose official seal was on the trunk. The trunk, according to international usage, was admitted without examination.

At the examination it was admitted that explosives were also to have been placed on steamers bound for America.

The sinking of the Norwegian steamship Violette by a German submarine is reported in a Central News dispatch from Copenhagen. Fifteen of those on board, including five women, were rescued. The others lost their lives.

The Swedish steamship Gothia has been sunk. Four men and two women are missing, it is reported.

WHERE METAL IS COINED.

There are four government mints—viz., at Philadelphia, called the parent mint, and branches at New Orleans, San Francisco and Denver. The minor coins, one and five cent pieces, are coined at the Philadelphia mint only, which also coins gold and silver. The denominations of the coins, their fineness and value are established by Congress, and the operations of the mints, what particular coins they shall issue, etc., are regulated by the director of the mint at Washington. The paper money issued by the government is designed and printed by the bureau of engraving at Washington.—[St. Louis Times.]

BE CANNY.

Home preparedness—cans loaded with food.

That rubber ring you put on a preserving jar helps you to stretch your income.

The awful question "What shall I have for dinner?" is easily answered if your shelves are full of home canned products.

Can't eat 'em all in summer? Not enough in winter? Home canning is the answer.

You put a lid on waste every time you seal a preserving jar.

Canned berries are bird proof.

Frost doesn't nip canned vegetables.

Canned green peas and yellow peaches help fight the blues.

JUNE DAYS.

The soft summer winds were blowing
The birds sang in the trees,
In the lane the cattle were lowing
And breezes stirred the leaves.

How beautiful is a June day
When clouds float thru the skies;
The children are playing about so
gay

When the sun shines bright in
their eyes.

A baby was playing around a box,
Dragging his father's shoe,
The sun shined down on his golden
locks,

While the grasses were wet with
dew.

When letters from friend are a-wel-
come,

And words of love so true,
To forget them would be impossible,
No, that I cannot do.

• • • • • CANNING FRUIT WITHOUT
• • • • • SUGAR.
• • • • •

Washington, D. C.—Fruit for use in pie or salads or as stewed fruit can be put up or canned without the use of any sugar at all, according to the canning specialists of the Department. They, therefore, advise those who, because of the high price of sugar, have been thinking of reducing the amount of fruit they put up, to can as much of their surplus as possible by the use of boiling water when sugar syrup is beyond their means. Any fruit, they say, may be successfully sterilized and retained in the pack by simply adding boiling water instead of the hot syrup. The use of sugar, of course, is desirable in the canning of all kinds of fruits and makes a better and ready-sweetened product. Moreover, most of the fruits when canned in water alone do not retain their natural flavor, texture and color as well as fruit put up in syrup. Fruit canned without sugar to be used for sauces or desserts must be sweetened.

Directions For Canning Fruits
Without Syrup.

Can the product the same day it is picked. Hull, stem or seed, and clean the fruit by placing it in a strainer and pouring water over it until it is clean. Pack the product thoroughly in glass jars or tin cans until they are full; use the handle of a tablespoon, wooden ladle, or table knife for packing purposes. Pour over the fruit boiling water from a kettle, place rubbers and caps in position, partially seal if using glass jars, seal completely if using tin cans. Place the containers in a sterilizing vat such as a wash boiler with false bottom, or other receptacle improvised for the purpose. If using a hot water bath outfit, process for 30 minutes; count time after it has reached the boiling point; the water must cover the highest jar in container. After sterilizing remove packs, seal glass jars, wrap in paper to prevent bleaching and store in a dry, cool place.

If you are canning in tin cans it will improve the product to plunge the cans quickly into cold water immediately after sterilization. When using a steam pressure canner instead of the hot water bath, sterilize for 10 minutes with five pounds of steam pressure. Never allow the pressure to go over 70 pounds.

SEE SUICIDE PACT
IN COUPLE'S DEATH

Baltimore.—Developments which were unfolded here in the case of Louise E. Jones, of New York, and Frederick Alexander, a radio sergeant in the United States coast artillery, who were found dead in a Philadelphia hotel seemed to prove conclusively that there was a suicide pact.

Lieut. Roger B. Colton, of the cable ship Joseph Henry, on which Alexander had been stationed for the last eight months, received the letter from Alexander here in which the latter said he was going to blow out his brains. A civilian on the same ship, which reached Baltimore harbor, received a letter from Alexander in which he made the same threat.

Another thing that was developed here was the fact that whether or not the couple were married, they had tried honestly on several occasions to wed. This was vouchcd for by Lieut. Colton.

GIVES PENCIL TO DRIVER
OF TRUCK THAT HIT HIM

E. Sayre Courtney, salesman for a pencil firm of St. Louis, Mo., who has an office at 405 Commercial building, escaped with a few minor scratches when he was knocked ten feet at Fourth and Jefferson streets, by a motor truck driven by Joseph Dattilo, a fruit dealer, of 722 East Jefferson street. Courtney seized the lamp of the machine and held fast. He shook hands with Dattilo and presented him with a pencil.—[Louisville Times.]

"MOUNTAIN OF A MOLEHILL"
The Hartford Republican in its issue of June 29 seems to be "all up in the air" about a little squib that appeared in The Herald last week. The part that seems to agitate our esteemed contemporary so much is a comment on a little squib that appeared in the Memphis Commercial Appeal. Here it is in its entirety:

"The German war plan, as now understood, was: 'Paris in three weeks, London in three months, Washington in three years.' Maybe that will make Americans realize why we have to share in this war." —[Commercial Appeal.]

Yes, maybe it will make Americans realize why we have a share in the war. But we have a whole lot of people in this grand country of ours who are Americans only because they live in America, and not at heart. There are thousands of people today who are holding President Wilson, individually, responsible for our having to fight Germany just because he happens to be at the head of the nation. True blue Americans though, irrespective of politics, take the sensible view of the matter."

The Republican then says: "Well, if he kept us out of war for two years and more and took unto himself all of the credit for our being out of the war, in November, and was re-elected for that special purpose and upon that special plea, then why are we?" Anyone who reads

the papers at all knows why we are at war—for the same reason that the hound dog fights—because Germany had us backed against the wall and the only way out was to fight out."

Herbert Kauffman, in an article entitled "July 4, 1917," has this to say as to why we are at war:

"We are at war because God bids us to the front; because humanity has summoned us to arms; because we would be false to conscience and to you, if we abandoned Civilization in this extremity."

Yes, the President kept us out of war two years—possibly no other man in the United States could have done—and it is to him that we owe our not being at war sooner. As to Mr. Wilson being elected "for that special purpose and upon that special plea," that is something new to us. We and thousands of others know that he was elected because the farmers of the United States thought him better qualified to head this great nation at that critical time than Wall Street and the Republican nominee.

Then, too, the Republican seems to think that The Herald was accusing someone of being "un-American and unpatriotic" because they criticize the President and the administration. Far be it from such, brother—we were referring to those who are arrested all over this country every day for their unpatriotic acts and deeds. We are all prone to criticize—that's one of our failings—and it's something we can all do so long as we stay in the bounds of reason—this being a free country.

A SUFFRAGE LESSON.

The overwhelming vote by which the British house of commons passed the woman's suffrage bill—385 to 56—is a great victory for the principle, although the minimum age at which women are allowed to vote is fixed at 30 while that of men is 21. Our friends should make note of the fact that this battle was won, as others must be won, by refraining from that distasteful, annoying and—right now—disgusting militancy program of picketing and heckling.

As we have stated in these columns heretofore, the faction that persists in these practices is unrepresentative of that great organization that moves along sane lines and wins for the cause not only the respect of law-abiding citizens, but much favorable legislation. The President of the National association and our State President, Mrs. South, have denounced the action of these militants who have carried their program to the extent that at this critical time when loyalty to the President of the United States and our country is so essential, they flaunt unpatriotic and seditious banners in the faces of officials and citizens in the national Capitol. Their actions were so provoking that it became necessary recently to sound the riot alarm when war was declared in a general mix-up of women at the White House gate.

We feel sure that this incident is

regretted no more by any than the real leaders and officers of the National American Woman Suffrage Association.

Criticism should be confined to this insurgent faction for whose conduct the association is in no way responsible.

It's not unpopular to be "canny" this year.

This is the glorious Fourth—and no fireworks!

Old High-Cost has added another to its list—this time the high cost of drinking.

We only have July 31 days in the year. Various other lies 12 months in a stretch.

A big, long shelf loaded with canned goods is mighty good home defense ammunition.

Hats off to Senator Reed! He wants the paper makers to stop their extortion on publishers. He's the man after our heart.

"Close on Lens," reads a headline relative to British troops in France. Photographically speaking—they must be of the shutter variety

That Ohio man who said he "would live on onions alone" certainly knew what he was talking about. He most surely will live "alone" if he "lives on onions."

Germany has one more thorn in her side—Brazil has revoked her decree of neutrality and definitely aligns herself along with the United States and the Entente.

A Toledo, Ohio, man, out of fear of being drafted, committed suicide of strangling himself with his trousers belt. Doubtless a case of being literally "scared to death."

A French general has written a book entitled "Why We Are Fighting." One doesn't have to write a book to tell why Uncle Sam is fighting—it was either fight or show the "yellow streak."

D. M. Duncan, editor of the Meade County Messenger, is letting "no grass grow under his feet in the race for State Senator in his district. Here's to you, old boy—go after 'em."

"Suffs in jail entertain visitors with song service," reads headline. Possibly they were featuring that popular ditty entitled: "I'd rather be on the outside lookin' in, than on the inside lookin' out."

The first American troops have landed in France. And, of course, Kentucky comes in first for her share of the glory, Maj. Ken. Sibert, a Kentuckian, being at the head of the advance guard.

That new Servian cabinet is certainly an "itchy" one. The Christian names of its members are: Pashitch, Protitch, Jovanovitch, Djoujitch, Ninthioitch and Terzitch. Makes one want to scratch to read them.

Four hundred coal operators, representing the great bituminous coal fields, pledged themselves at Washington last week to sell their product at a reasonable price. Now, the question is, who do they consider a reasonable price?

It is just 141 years ago today that a certain gentleman put his John Hancock to the Declaration of Independence, and today is the last in which candidates for county and other offices will have to put their "John Hancock's" to their notices of declaration in order to get their names on the ballot for the primary.

A West Kentucky postmaster was held up and robbed of \$42 by four men last fall. Testimony in the case developed the fact that he was armed. In the Circuit Court he was fined \$50, sentenced to serve ten days in jail and disfranchised for two years. The men arrested and accused of the robbery were acquitted. They "sho" do believe in upholding the law relative to pistol totin' in this part of the State.

The Earlington Bee, in its issue of June 26, comes out with a card headed: "It is the end," and says that the issue of Friday, July 29, will be the last. The serious illness and retirement of its business manager seems to have been the "straw that broke the camel's back." Paul M. Moore was editor and publisher, and he closes his card with this quotation: "Even a tombstone will say good about a fellow when he's down."

Sympathy!

"Save the Waste and Win the War" is the message to every American household, sent out from Washington. Herbert Hoover requested every minister in the U. S., whose name he could secure, to preach upon the subject of "Food Conservation" last Sunday. There's an old adage that "it is not what you make that counts—it's what you save"—and this applies to food as well as every other thing, and will aid materially in our struggle against Prussianism.

We feel sure that this incident is

JULY TERM OHIO

CIRCUIT COURT

Now in Session—Murder Case and Alienation Suit Most Important of Term.

The July term of the Ohio Circuit Court convened Monday, Judge R. W. Slack presiding.

Quite a number of cases will come before the court for decision during the next two weeks, as this is both the civil and Commonwealth term.

The most important cases to be tried are that of the Commonwealth vs. Ernest Litsey, charged with the murder of Hayden Curtis, at Rockport, last fall, and an alienation suit in which John Willis is suing Joe Maden for \$15,000 for the loss of the affections of his wife.

At press hour the following cases had been disposed of:

Com'th. vs. Dick Steward, Ike France, &c., Tom Cahan, Charlie Hoover, all continued and set for first day of November term.

Com'th. vs. Hardin Tanner, &c., continued.

Com'th. vs. Melvin Neighbors—filed away with leave to reinstate.

Com'th. vs. Gene Allen—dismissed.

Com'th. vs. American Express Co., 12 cases—set forward to next Saturday, 6th day.

Com'th. vs. Joe St. Clair—plea of guilty to charge of breach of peace, and fined \$25 and costs.

Com'th. vs. Moses Wilson, charged with malicious wounding with intent to kill—verdict of jury guilty of a misdemeanor, and fined \$150 and costs.

The following is the personnel of the grand jury: Carl M. Brown, foreman; J. J. Bracken, Leo Brown, L. D. Bennett, J. L. Brown, J. R. Burgess, Louis H. Render, J. R. Addington, W. L. Leach, Jas. Ralph, T. S. Boswell, Quint Brown.

The following compose the petit jury: J. H. Davis, W. P. Allen, U. S. Carson, Lafe Grant, John Babett, R. P. Bennett, H. C. Crowder, S. W. Taylor, J. W. Price, Mack Daniel, J. E. Eskridge, Clyde Boling, D. M. Park, E. E. Rogers, J. T. Maddox, L. B. Shafer, Joe Thomasson, B. F. Allen, Virgil Stewart.

OUR EXCHANGES.

Mr. A. B. Hampton, of Indiana Fields, was in to see us Monday. He says that he sold his wool for 50¢ per pound and that when the sheep were sheared the fleeces averaged seven pounds, which we think is a record yield.—[Mt. Sterling Sentinel Democrat.]

That's nothing, one instance, among many in this county, comes to our mind Mr. J. A. Boulware, of this place, recently sheared his sheep and the fleeces averaged eight pounds, which he sold for 65¢ per pound, which we think is a fairly good record.

Others, we have been informed,

sheared fleeces that averaged eight

an one-half pounds.—[Springfield Sun.]

Mrs. Allen Laffoon, of the Earlington country, was in town Wednesday and had with her an old spelling book that is a curiosity. It is the American Speller and was the work of Noah Webster. The book was registered September 15, 1817, though this copy was issued at a later date.

This speller was bound in leather under which was a thin strip of wood which was used for the back of the book.

It was studied by Mrs. Parthenia Woodruff, Mrs. Laffoon's mother, when she was a child. The blue back speller of later date was an improved American speller.—[Madisonville Hustler.]

Never before have the crops throughout this region given greater promise than they do right now. This is especially true of all sorts of food-stuffs, of which there is a largely increased acreage on every hand in reply to the government's call. Probably never before was there such a planting of potatoes, both Irish and sweet. This was true of the early planting and the work is being kept up now by still further plantings for the late yields. Beans of all sorts are being grown, the corn crop is the largest ever known and there is a garden on nearly every available spot, such as vacant lot lots, abandoned fields and even along the right of way of the railroads.—[Hopkinsville New Era.]

Equipped with hiking tent, blankets, provision, and a camera the Scouts started Monday morning on the long trip. Tuesday evening word was received here that the hikers had reached the cave. Mammoth Cave is about sixty or sixty-five miles from Bardstown. If the young men, walking all the way, covered that distance in two days, they were sure going some.

A CARD.

Having been solicited by numerous friends to make the race for Assessor of Ohio county, subject to the action of the Democratic party, I hereby announced myself a candidate for this office.

Deciding as I did, to enter this race at this late day, I find it will be impossible for me to see all the Democratic voters before the primary, and take this method of soliciting their support and influence.

I have had considerable experience in the work of Assessor, and feel that I am fully qualified and capable of filling the office, and if honored with the party nomination, promise to exert my best efforts to bring success to the ticket in November.

Yours truly,

MELVIN STEDART,

Little Hope For Recovery of Sister Whom He Shot.

Jonesboro, Ark.—Edison Porter, the 12-year-old boy who shot and seriously wounded his sister, Mrs. Johnnie Lancaster, was arrested at Cash, a small town west of here, by Constable Lon Craig. The lad was returned to the city and placed in jail. He will be given a hearing and it is thought on account of his youth he will be sent to the reform school.

Mrs. Lancaster is resting fairly well, but the physicians have little hope for her recovery, owing to the fact that the intestines are punctured in several places.

LUTHER CHINN, Beaver Dam, Ky.

WANTED—Old Iron at 75c 100 lbs. Rags at \$1.75 per 100-lbs., Beef, Horse and Mule Hides 15c lb., Ginseng, Yellow and Mayapple Root at market prices.

D. L. D. SANDERFUR, 27-t3, Beaver Dam, Ky.

Mr. S. W. Maddox, of Beaver Dam, Route 4, was a caller at The Herald office yesterday. Mr. Maddox says that he has the best crop he has ever had. Mr. Maddox has been taking The Herald since the time of John Barrett.

Miss Willye Smith left Friday morning for Akron, Ohio, to accept a position with the American Express Co. Miss Smith has a host of friends here who regret to see her leave Hartford, but wish her much success in the Ohio city.

Mrs. Ada King and daughters, Misses Mabel and Lucile, Waxachachie, Tex.; Mrs. Fon Rogers and children, of Pikeville, Ky.; Mrs. Alva Bean and Mrs. S. T. Brown, of Centertown, were guests of Mrs. Isaac Foster one day last week.

Squire S. L. Fulkerson, of Rockport, was here Saturday, and reports that practically all the wheat in Ohio county will be cut by the middle of this week. He says, too, that the crop though considerably hurt by the severe freezes last winter, will be better, he believes, than at first reported.

We call attention of our readers to the bank statements published in The Herald this week, which show them to be in a thriving, healthy, prosperous condition. The people of Ohio county are to be congratulated that they have such strong, clean, safe, progressive men at the head of their financial institutions.

Francis DeHart, of the Horse Branch section of the county, was declared a dependent by a jury in the County Court Saturday, and ordered sent to the County Farm until some provision can be made for her. She is the daughter of Mrs. DeHart, who is now serving a jail sentence for unlawfully living with one Barney Smith.

There were quite a few farmers in town Saturday—more than had been here for several Saturdays previous—most of them having gotten their crops in such shape that they could leave them for a half day. Most all

of those we talked to said that the prospects for good crops were excellent—tobacco and corn both looking fine.

Mr. and Mrs. Marvin Moseley, of Atlanta, Ga., have just returned to Owensboro and will make their future home here. Mr. Moseley has joined the staff of clothing and furnishing goods salesmen at the Anderson department store. Mr. Moseley was connected with one of the largest retail clothing houses in Atlanta.—[Owensboro Messenger]

Mr. Shelby Taylor, wife and daughter, Miss Kitty Lee, were guests of Mr. Taylor's sister, Mrs. Laura Stevens, one day last week. Mr. Taylor for several years practiced law in Hartford. He moved from here to Crowley, La., but after being elected Railroad Commissioner (now serving his second term) he moved to Baton Rouge, the capitol, where he now resides. He and his family come to Kentucky to visit relatives at Beaver Dam.

PASTOR LEAVES WITH
OUT HIS BRIDEPrinceton Minister in Note Says
He is Enroute to Europe—
Has Change of Faith.

Princeton, Ky.—The Rev. E. C. Craven, who has been pastor of the Christian church here since early in February, is missing, and his bride of a few months, is much distressed over his disappearance. In a seven-passenger touring car, the property of his wife, he left here and has not been heard from since. His wife, who was a wealthy widow of Eminence, Ky., when he married her, and her little daughter were visiting in Eminence at the time of the disappearance and was not aware that her husband had left Princeton until, upon her return, she found a note, in which he informed her that when she reached home he would be aboard a vessel en route to Europe.

Little was known of the Rev. Mr. Craven before his arrival here to take charge of the Christian church other than that he had served as pastor of the Baptist church at Eminence, Ky., where he met the widow, who later became his bride. He went to Eminence from Louisville, where he spent a few weeks at the Southern Baptist Theological Seminary. After occupying the Baptist pulpit at Eminence several weeks he surprised his congregation one prayer meeting night by announcing that he could no longer serve them as pastor for the reason that he was no longer a believer in the Baptist doctrine.

Renounces Baptist Faith.

On the following Sunday night the Rev. Mr. Craven united with the Christian church, of which the Rev. W. D. Eldred is pastor, at Eminence, and a week later preached for the Rev. Mr. Eldred in the latter's absence. Through the Rev. Mr. Eldred, Mr. Craven met the Rev. H. W. Elliott, Kentucky State evangelist of the Christian church, and it was through Mr. Elliott that the Rev. Mr. Craven became pastor of the Christian church here.

Mrs. Craven, before her marriage, a few months ago, was Mrs. Kate Caldwell, widow of C. A. Caldwell, who was a wealthy merchant of Eminence. She became acquainted with the Rev. Mr. Craven just six weeks before their marriage, which took place at Hotel Henry Watterson in Louisville.

Mrs. Craven probably will remain here until she disposes of the handsome furnishings with which she equipped the new home of herself and husband and little daughter, after which it is expected that she will return to her old home in or near Eminence.

During his brief stay here the Rev. Mr. Craven became well liked. He told several persons here that he at one time was a surgeon in the British army. He is about forty years old and possesses a pleasant address.

MAJOR MORRIS MAY BE
CAMP'S QUARTERMASTER

Lexington, Ky.—Maj. Jackson Morris, of Frankfort, of the State Administration Department appears to be the appointee for the camp quartermastership of the Kentucky Brigade at the mobilization camp here. Maj. Morris has been recommended by the Central Department to Washington, and announcement of his appointment is expected daily. Delay in bringing the first and Second Regiments here has been experienced because of the lack of a quartermaster necessary to make arrangements for the coming of the soldiers.

INSURANCE FOR FIGHTERS

Planned To Protect Families Of Men Who Die For Country.

Washington.—Plans for insuring the lives of American soldiers and sailors during the war were discussed at a conference of life insurance company presidents with Secretary McAdoo here July 2. Invitations were sent to the life insurance men by the Treasury Department.

One suggestion was to place the insurance in the hands of the federal war risk insurance bureau, which now is insuring lives of men of the

merchant marine. Another plan was a combination of insurance companies, co-operating with or backed by the government.

The proposal to insure the fighting men, which has the approval of President Wilson, presents many complications, among which is its probable relation with the pension system.

"Why should not America take the lead in this noble and humane action?" said Secretary McAdoo. "I earnestly hope that a great system of insurance will be devised which will give to every officer, soldier and sailor in the military and naval service of the United States the assurance that some provision is made for the loved ones he leaves behind if he is called upon to make the greatest sacrifice that a patriot can make for his country."

RECORD RUN FOR DESTROYER

Washington.—The destroyer Shaw has completed a record run from a Pacific coast port to an Atlantic port—approximately 5,858 miles—in 14 days, 10 hours and 20 minutes.

The Shaw is a new destroyer, whose keel was laid down in February, 1916. Besides making a record run the vessel also broke all records in passing through the Panama Canal, requiring only five hours and 45 minutes, as compared with the previous best of six hours and 20 minutes.

IN RUNNING ORDER.

The dealer in automobiles was pretty angry.

"Look here," he said. "The bill for that motor car I sold you has been running for over a year now."

"Let it run," said the delinquent customer. "I want to have something connected with this machine that will run for over half an hour without stopping."

EDUCATOR'S WIDOW
GETS \$1,200 PENSION

Lexington, Ky.—It was learned here that Mrs. Joseph H. Kastle, wife of the late director of the Experimental Station, has been awarded a pension of \$1,200 annually for her lifetime by the Carnegie Foundation for the advancement of teaching. Dr. Kastle died September 24, 1916. His wife and daughters are now residing in Honolulu.

Making Wire.

Wire used to be made by hammering metal into sheets and cutting these into strips, which were hammered or filed into wire. Now the material is rolled into rods by grooved rollers and drawn cold through holes in a plate of harder metal, usually hardened steel, by means of powerful machinery.

OH! MY BACK!

The Expression Of Many a Kidney Sufferer In Hartford.

A stubborn backache is cause to suspect kidney trouble. When the kidneys are inflamed and swollen, stooping brings a sharp twinge in the small of the back, that almost takes the breath away. Doan's Kidney Pills revive sluggish kidneys—relieve aching backs. Here's Hartford proof:

R. L. Dever, proprietor grocery store, Union Street, Hartford, says: "I can recommend Doan's Kidney Pills as a good kidney medicine. My kidneys have bothered me and my back has troubled me with a dull mean ache. Doan's Kidney Pills have always relieved my back and regulated my kidneys and I am glad to praise them."

THE H. C. L. WAR.

F. S. Betz.

Faintly heard as the far distant
There were rumblings to compel
The attention of the housewives
To approaching H. C. L.

Just a little louder, closer.
Nearer home it came, the swell
And surge of rising prices
All denoted H. C. L.

Pocketbooks began to wrinkle,
Orators began to tell,
"We must save and cut out luxuries
To combat the H. C. L."

Statesmen, editors and writers
Preached and wrote and for it fell
Into line to fight the rising
Menace of the H. C. L.

Now the war is on in earnest,
Boys and girls have caught the spell,
And if Mother Nature's friendly,
Doom must come to H. C. L.

Round on every corner, note it,
There are gardens—note it well,
If you do not do your portion,
It will get you, H. C. L.

See those rows of peas and onions,
Spuds, and beans, and greens, and—well,
Everything to win the battle
Waged against the H. C. L.

Hurry up, you plucky farmer,
Raise abundant crops to sell
To the hungry, restless millions
Hit so hard by H. C. L.

There's a patriotic duty
For us all to do to swell
The amount of food to save us
From the grasp of H. C. L.

Starving poor folks all are calling,
In a tumult we can quell
Only by united efforts
To confound the H. C. L.

Cut out luxuries and wasting;
It may seem a bagatelle,
But spare moments in a garden
Will help conquer H. C. L.

Prohibition Killed Kansas

The grape industry is not the only thing ruined by prohibition in Kansas. In fact, prohibition has killed about every industry in Kansas, excepting the raising of wheat, corn, alfalfa, fruit, live stock, potatoes, peas, cabbage, garden sass, chickens, ducks, geese, horses, mules and blooded cattle. It busted up quite all our flourishing saloons and beer gardens, and paralyzed many of our prominent gamblers. It absolutely killed the bartenders' union. Where once the thriving saloon sent the clamorous odor of its prosperity out upon the sidewalks and clear across the street, we find nothing but shoe stores, meat markets, clothing stores, grocery stores, dry goods stores and other sodid activities of an unhappy people. Where once you saw the throng of men on Saturday night going joyfully into the rooms, where the doors were locked securely, where

there was sawdust on the floor and a merry crowd at the mahogany bar treating all around, and a man could get his salary check cashed and spend it all right on his boon companions, and go enthusiastically home and break up furniture and give his wife a black eye, instead of all these manifestations of a prosperous and thirsty citizenship, as in our saloon days, we see men go quietly into butcher shops and grocery stores and then go home lugging great bundles of supplies for their wives and children—beefsteak for supper, Sunday dinner, etc. Ah! what a sad result of the banishment of saloons. Prohibition has left little of Kansas except her fields, factories, schools, stores, pens of fat cattle, her sober, happy and prosperous people. What prohibition has done for Kansas it will do for Kentucky or any other State.—[Joplin Journal.]

**RUSS WILL FIGHT
WITH U. S. HE SAYS**
**Peace Offers Scorned—World
Must be Made Safe,
Says Ambassador.**

Washington.—In another stirring address at the capitol Ambassador Bakmeteff, of Russia's diplomatic mission, gave a solemn pledge that the Russian people and army, "convinced that a separate peace would mean the triumph of German autocracy," are prepared to fight on beside American until the world has been made safe for democracy.

The Ambassador spoke before the Senate, and was given a reception almost as enthusiastic as that accorded him in the House. On no previous occasion since the war began has senatorial reserve been cast so completely aside. At the conclusion of the address, a resolution was adopted by unanimous consent expressing the Senate's gratification over the stand of the newest democracy.

Rejects Peace Offers.

"Russia rejects with indignation any idea of separate peace," said the envoy. "Striving for a lasting peace based on democratic principles established by democratic will, the Russian people and army are rallying their forces around the banners of freedom. Russia wants the world to be safe for democracy. To make it safe, means to have democracy rule the world."

**L. O. COLEMAN WRITES OF
OFFICERS TRAINING SCHOOL**

Ft. Leavenworth, Kansas.
The Hartford Herald,
Hartford, Ky.

Dear Sir:—The Engineer Company of Kentucky and Indiana was moved here from Fort Harrison, June 16; also the Engineer Company of Ohio and West Virginia, which was at Ft. Harrison. The Reserve Engineers from nine army divisions are now here getting final technical training before the organization of the engineer regiments of the National Army in September.

There are 1,400 engineers here learning U. S. Army methods of engineering. The men in this training group are all trained specialists in some branch of engineering and 95 per cent. of them are University graduates, so it is easy to see that they take military training quickly and efficiently.

We have to arise here at 5 a. m., and retire at 9:30 p. m., and every moment is full of study, drill and practice. Naturally the most interesting work is the practice of military engineering. We build and assemble pontoon bridges, temporary trestles, machine gun emplacements, all the new types of trenches used at present in France, lay out camps and sanitary systems, learn the use of explosives in practice and reconnaissance which includes clearing away enemy barbed wires for our advancing infantry and the laying of barbed wire entanglements for defense of our own infantry. When we get to France we'll have a working knowledge of conditions there.

There are no Ohio county boys in the engineer companies but there are a large number of Kentuckians in the 8th and 9th Division Companies. Even met a lad I knew back in the old college days in Lexington, who is here in a Minnesota company of engineers. My squad of eight has men in it from seven different States. So it may happen that the man who trains Ohio county members of the National Army will hail from California while my luck will send me to Maine or Florida.

L. O. COLEMAN,
Ft. Leavenworth, Kan.,
4th Engineer Co. Training School

ENGINEERS TO BUILD UP.

The American engineer regiments that are to undertake the rehabilitation of France have the most pleasant task in the entire service of the war. The fighting forces must kill and burn and destroy. The medical branch must heal wounds and cover whatever breaches it can. But the engineers will do constructive work. They are the builders of the future. Their activities will not be merely temporary as in the case of the army engineers. They will rebuild the ruined cities and villages and reconstruct the public works that have perished before German vandalism and the natural devastation of war. Organized as a military department, their labor is really that of peace. It is hard service but its very organization suggests the peace and rebuilding and renewed prosperity that must come in the no distant future.

AN EDITOR'S DREAM.

After a supper on bologna sausage, dill pickles and hard cider, an editor fell asleep, and dreamed that an an-

gel appeared to him and told him to thereafter confine himself strictly to the truth when writing the obituary of any departed citizen. In obedience to this command, he dreamed that the following obituary was printed in his paper:

"John Doe, a booze-soaked old sinner, cashed in his worthless checks Tuesday night to the great joy and delight of his family and friends. He was born near here, but through no fault of this community. His early life was spent in providing food and amusement for companions by robbing hen's nests and farmers' orchards. He obtained his education at the district school, which he attended three days before being expelled. That he kept out of the penitentiary before he came of age was a wonder of the public. Several years ago he moved to this city and entered the grocery business with funds provided by an indulgent father-in-law. In this business he robbed the people for many years putting sand in the sugar and water in molasses, aside from giving ten ounces to the pound. He enjoyed the patronage of a large number of persons who bought before they knew about his methods. His death will be genuinely regretted by the distillers, whose plants he tried to drink out of business. As a Christian he was a splendid barber. His carcass was planted—but a combination having been formed by the cider and the dog in the editor's stomach, they commenced a tour of exploration, which awoke the poor editor, and he did not get to finish his masterpiece.—Ex.

NEIGHBORHOOD NEWS

All About You and Your Neighbors

BEAVER DAM.

July 2.—Our town was almost deserted last week as the farmers were taking advantage of the beautiful weather to put their crops in a growing condition with the cultivator, and reports come from all sections that crops and gardens are well cultivated and in a growing condition—plenty of vegetables of all kinds.

Mr. and Mrs. Shelby Taylor, son Hugh Edward and daughter, Miss Kittie Lee are in town visiting relatives. Mr. Taylor will return to his home in a few days but Mrs. Taylor and the children will spend the summer with her father, Mr. George H. Barnes.

Miss Bessie Jarnagin, of Roanoke, La., is visiting the family of her uncle, Rev. J. N. Jarnagin.

Mrs. Duck Daniel, who has been visiting her daughter, Mrs. John Martin, in Stigler, Okla., returned home this week.

Miss Geneva Taylor is at home on a vacation from college in Peoria, Ill. She has one more term in that institution when she will receive her college diploma.

Quite a number of our young men have gone to Louisville to work on the army cantonment. They report they are all getting employment at high wages.

Rev. Edward Allen attended the Minister's Institute at Russellville, last week. Rev. Don Q. Smith, one of his boyhood chums, accompanied him home for a short visit. He preached a very interesting sermon at the Baptist church during his stay.

Mr. George H. Barnes was surprised Sunday by all his children and grandchildren meeting at his home for one more family reunion. The family present were: Mr. and Mrs. Shelby Taylor and daughter Kittie Lee, Baton Rouge, La.; Mrs. Dan Kelly and children, Madisonville; Mrs. E. P. Barnes, Hopkinsville; Mr. and Mrs. J. Leslie Leach, Central City; Mr. and Mrs. G. A. Barnes and children, country.

Sunday evening the Baptist church voted for the pastor to begin a series of meetings at the Baptist church assisted by the Rev. Don Q. Smith, of Sturgis, Ky., next Sunday, the 8th inst.
